## Japanese Prince Is Coming Here

PRINCE FUSHIMI OF JAPAN.

Prince Fushimi, a member of the Royal family of Japan, who was one of the commanders in the terrible battle at Nanshan Hill, is about to leave for America, and will come this way. A meeting of prominent local Japanese was held some days ago to consider plans to receive and entertain him, and he will be given an elaborate reception here. Local Japanese and others will be given an opportunity to meet the representative and relative of the illustrious Mikado. It is not very often that a member of the royal family of Japan has left the country, except incognito, but Prince Fushimi's trip has been officially announced. He will go to the St. Louis Exposition, representing his government there, and will pay his respects to President Roosevelt at Washington. Fushimi is very close to the Japanese throne and will be very highly honored wherever he goes.

Honolulu will be the first American city to entertain Prince Fushimi, just as she was first to entertain Prince Pu Lun, and it is considered likely that Governor Carter will receive a message from Secretary Taft, containing instructions to entertain the distinguished guest, as in the case of Pu Lun. The exact date of Prince Fushimi's departure from Japan is not yet known.

## WILL NOT WITHDRAW

REPUBLICAN LEADERS CONSIDERING THE FIFTH DISTRICT SITUATION—OBJECTIONABLE CANDIDATES DECIDE TO TRY AND HOLD ON AND THE MATTER WILL BE TAKEN TO THE FULL DISTRICT CONVENTION.

Both James Shaw and S. Mahelona have refused to withdraw from the Fifth District legislative ticket of the Republican party at the request of the executive committee, and the matter will now be taken up with the members of the Fifth convention. Shaw declares that he is being "hounded" and that as he was regularly nominated his withdrawal cannot be demanded.

The party, however, does not propose to rest with either man on the ticket, and a canvass will be made among the members of the Fifth District convention. If a majority are found to be in favor of forcing them to withdraw, the convention will be called together for the purpose of taking proper action.

This was decided upon at a meeting of the executive committee today, when the situation was discussed and it was made known that there would be no voluntary withdrawals.

## RUN OVER

### BY A HACK

Frank Silva, a Portuguese boy about 8 years of age, fell from a tree on Fort street near Smith's Lane this afternoon about 2:30 o'clock. He fell in the way of a passing hack that ran over him. His left arm was broken, his nose was broken and he sustained other injuries. He was taken to the Queen's Hospital by the patrol wagon.

## HENDRY PROBABLY IMPORTANT WITNESS IN DAMON MURDER

SON OF U. S. MARSHAL UNDERSTOOD TO HAVE BEEN DRIVEN TO CAR BY S. E. DAMON SHORTLY BEFORE THE LATTER WAS MURDERED BY JOSE MIRANDA LAST TUESDAY NIGHT AT MOANALUA.

What is regarded as an important witness for the prosecution in the Damon murder case is missing. The police are very anxious to ascertain his identity and to have ascertained what he knows of the incident preceding the murder of S. E. Damon by the Porto Rican Jose Miranda last Tuesday night.

The missing witness is a white man. He was driving with Mr. Damon and the Chinese boy shortly before the attack was made on Damon, and the police are anxious to ascertain his identity. Chester Doyle is working up the case for the prosecution and he is naturally desirous of locating the missing witness in order to complete the chain of evidence against the murderer.

It appears that Damon was taking this white man in the carriage to drive to the end of the Rapid Transit car line, the intention of this strange white man being to take the car back to the city. The Chinese carriage boy was also in the rig with Mr. Damon does not know from what place the man came. The man was taken to the street car line and left and then Mr. Damon started back home with the Chinese boy. When nearing the road that turns off to his place, Mr. Damon noticed that a lamp was missing from where it was placed on the new wall that was being built, so he turned and ordered the Porto Rican Miranda to replace it. In the argument that followed Damon was murdered.

Just what bearing the evidence of this mysterious white man may have on the case is not certain. In any event he is regarded as necessary to the case for the prosecution, and it is desired that he make his identity known to the authorities. This man is not Eugene Sullivan who was present at the time of the murder, but is said by the authorities to be an entirely different person. The Chinese boy does not know about the identity of the mysterious white man. All that he was able to inform the police was that the man was driven over to the electric car. The police seem most anxious to locate the man however.

Late this afternoon it was learned that the missing witness is evidently Robert Hendry, the young son of United States Marshal Hendry. The youth had been out sailing with Mr. Damon at Pearl Harbor, it is understood, and had sailed from the harbor up to the island where the carriage was waiting for Mr. Damon. Instead of going straight home to dinner, Mr. Damon had the rig drive up to the end of the street car with young Hendry and there him. Young Hendry was not with Mr. Damon at the time of the murder as the serious trouble with the Porto Rican did not occur until after Mr. Damon had left young Hendry at the car and was driving back home.

## CHESS GAMES PROBABLY DRAWN

HONOLULU AND HILO CLUBS SHOW VERY EQUAL SKILL IN THE WIRELESS CONTESTS.

The Honolulu-Hilo chess games by wireless are beginning to look like drawn games. In both of them the playing is now far advanced and in the first game it is practically assured that neither side can win. The moves, carried on by wireless between the clubs here and in Hilo, have slowly cleared off the board with honors even until both sides are helpless unless an error is made, which does not seem likely on either side.

The second game is not yet so far advanced as the other and there is a chance for a decisive result. Some of the players are inclined to think Hilo has the better positions in this contest, but the Honolulu players figure that they will come out alright. Both games have been carefully played, and have shown that there is much skill at both ends.

The games are still watched with interest by a number of players, and may lead to an open tournament, which is considered much better than games played at a distance. In the regular games pieces must be played on the board, without previous handling, while in contests by mail or telegraph, contestants may play several moves ahead and make all sorts of experiments. Hence the difficulty of obtaining a decisive result.

## NAKAPAAHU IS REPUBLICAN

HIS HOME RULEISM DENIED AND HE MAY GET NOMINATION OF THE REPUBLICANS.

The last Republican legislative nominations to be made in the islands are those which Kauai is expected to make next Saturday. There has been considerable contest going on over the candidacy of Nakapahu for the Senate, much having appeared in the Kauai paper against him, as too recent a convert from the Home Rule party, but it was understood to be the intention to name him until he was recently quoted as saying that his "heart was still Home Rule". He has denied having made such a statement, and may receive the Republican nomination if his party attitude appears to be all right. He has, however, already received the Home Rule nomination. It is understood that one of the Rice boys is likely to be named if Nakapahu is not. Home Rule men are generally trying to combine with the Democrats.
